The buyer is not entitled to withhold payments or set them off against any counterclaims unless such counterclaims have been unquestionably and indefeasibly justified.

#### 4.

We expressly reserve the right of ownership in all deliveries up to receipt of all payments arising out of the relevant legal transaction. In case of default in payment, the buyer shall be obliged, among others, to return the relevant deliveries at our discretion.

#### 1.

Times of delivery shall be agreed upon with the buyer. If not so, the time of delivery extends reasonably according to the buyer's delay in performance.

#### 2.

In particular, the respect of contractually agreed time of delivery is also subject to the reservation as to oneself correctly obtaining required supplies from subcontractors in due time. We will notify the buyer of any imminent delay thereof as soon as possible.

## GENERAL TERMS AND CONDITIONS OF DELIVERY

### 3.

The time of delivery is regarded as met when the delivery due exits our factory close to the date of delivery and/or we have notified the buyer of readiness for shipment in writing.

To the extent as any in-plant runoff has to be carried out, the runoff date shall be regarded as decisive criterion for respect of delivery time, alternatively, the notification of readiness for shipment.

### 4.

If shipment and/or acceptance of the goods are delayed for reasons not incumbent to us, we shall be entitled to charge the buyer for cost incurred due to said delay further to the performance one month at the latest after notification of readiness for shipment.

### 5.

If we fall into arrears with delivery according to the contractually agreed times of delivery exclusively for reasons incumbent to us and the buyer suffers any damage therefrom explicitly evidenced by him, a lump-sum compensation for delayed performance shall be limited to 0.5 % of contract price per calendar week up to a maximum of 5 % of contract price, calculated from the value of the part of total consignment that cannot be used in due time or according to contract as a consequence of said delay in delivery. Any other damages for delay are expressly excluded.

## IV. Transfer of risks, acceptance

### 1.

Transfer of risks – from supplier to buyer – takes place at the moment of acceptance; at the earliest, when the delivery has left our factory and also even if partial shipments are delivered, upon in-plant acceptance, alternatively upon notification of the buyer of readiness for acceptance.

The buyer shall be obliged to accept deliveries and to perform the in-plant acceptance procedure immediately after notification of readiness for acceptance unless a substantial lack was detected as a consequence of which the delivery/work would not be ready for acceptance.

### 2.

If shipment and/or in-plant acceptance are delayed or ceased due to circumstances not incumbent to us, the risk will transfer to the buyer right from the day of the notification of readiness for shipment and acceptance. We undertake to arrange for insurances at the buyer's expenses, however, against advance payment as far as required.

### 3.

Partial shipments are permitted at any time to the extent as reasonable for the buyer.
